Terms And Conditions

Customer Eligibility: You must be eligible for and participate in the Mass Save Home Energy Services Program. You must be a residential Eversource customer installing equipment between January 1, 2015 and December 31, 2015. Equipment must have been installed in a 1-4 family home with an active residential Eversource Electric account. Conservation Services Group (the "Vendor") must receive application and required documents listed within 30 days of installation.

Post-Installation Verification: Prior to offering any rebate, Eversource (the "Company"), reserves the right to conduct an onsite verification that the equipment was installed according to the guidelines of the program. It does not include any kind of safety review and should not be relied upon as one. If the Company determines that the equipment installed does not meet the program specifications as described in the application, the Company reserves the right to refuse to pay the rebate.

Rebates: Subject to these Terms and Conditions, the Company, through its contractual Vendor, will pay rebates to eligible Massachusetts Eversource customers for the installation of equipment in Eversource's service territory.

Rebate Application: The Customer is responsible for completing all required information on the Rebate Application. Rebate applications will not be processed if they are not properly filled out.

Applications must include:

Indirect Water Heater

- ❑ Dated receipt/invoice/work order noting completion of installation

High-Efficiency Oil or Propane Heating System

- ❑ Dated receipt/invoice/work order noting completion of installation
- ❑ A copy of the manufacturer's specifications sheet for the installed heating system to verify the size and AFUE rating of the equipment

On-Demand Water Heater

- ❑ Dated receipt/invoice/work order noting completion of installation
- ❑ A copy of the manufacturer's specifications sheet for the installed On-Demand Water Heater

Weather Responsive Controls for Oil or Propane Forced Hot Water Heating Systems

- ❑ Dated receipt/invoice/work order noting completion of installation

Wireless Enabled or Programmable Thermostat

- ❑ Dated receipt/invoice/work order noting completion of installation

No Warranties: The Company and the Vendor do not make any representation of any kind regarding the results to be achieved by the equipment or the adequacy of such equipment. Eversource expressly disclaims any and all warranties or representations of any kind, whether oral, statutory, expressed or implied, including, without limitation, warranties of merchantability, usage, suitability or fitness for a particular purpose. Contact your contractor for details regarding equipment performance and manufacturer warranties.

Changes in the Rebate Program: The program and these Terms and Conditions may be changed by the Company and the Vendor at any time without notice.

Contractor Insurance: The Company and the Vendor are not responsible for any damage that may be caused by or arise out of an installation of any equipment. The Customer should select Contractors who carry appropriate insurance coverage and licenses.

Liability & Release: The Company is not liable for any Customer damages that may occur as a result of the termination of this program beyond the amount of the rebate. As part of the consideration for participating in the program, the participant hereby releases and shall indemnify, hold harmless and defend Eversource, its member utilities, and the Vendor from any and all claims, losses, harm costs, liabilities, damages and expenses (including attorneys' fees) of any nature whatsoever arising directly or indirectly out of or in connection with the installation of the thermostat(s) at the premises or any material and labor required for such installation. By your signature on the reverse side of this form and acceptance of energy efficiency incentive(s) you acknowledge that the data collected through the use of the wireless enabled thermostat may be shared with your electric and/or gas distribution company.

No Tax Liability to Eversource and Rebate Administrator: Eversource and the Rebate Administrator are not responsible for any tax liability which may be imposed as a result of receipt of the rebates by the electric utility to the customer.

Eligibility

- You must be an eligible residential Massachusetts Eversource customer, participating in the Mass Save® Home Energy Services Program
- Eligible equipment must be installed in a 1-4 family home
- Rebate is valid for purchases and installations made between January 1, 2015 and December 31, 2015
- Installation of equipment must be completed by a licensed contractor
- Applications must be received within thirty (30) days of installation
- Rebate does not apply to new home construction or additions
- Applications must include a dated receipt/invoice noting completion of installation. Only original applications will be accepted
- Work is subject to post-installation verification
- Additional restrictions may apply and program is subject to change without notice. For more information call **1-866-397-3355**.

Eversource recommends that customers seek multiple contractor estimates for the installation of the rebate eligible, energy efficient equipment, and services for the products listed on this form.

Eligible Equipment

Rebate

Indirect Water Heater

Propane \$400/Oil \$300

The new indirect water heater must be attached to an oil- or propane-fired heating system. Must be replacing freestanding or tankless water heater. Solar storage tanks are not eligible.

High-Efficiency On-Demand Water Heater

\$800

Propane Only

94% EF (Energy Factor) or greater with Electronic Ignition

High-Efficiency Oil or Propane Heating System

All replacement heating systems must have an Annual Fuel Utilization Efficiency (AFUE) equal to or greater than the value noted in the following table. Existing system being replaced must be fueled by oil or propane and the new system must be fueled by oil or propane.

Fuel Type	System	Rebate Amount	AFUE
Oil	Furnace with ECM* Blower	\$250	85%
Oil	Hot Water Boiler	\$500	86%
Propane	Furnace with ECM* Blower	\$500	95%
Propane	Hot Water Boiler	\$1,000	90%
Propane	Condensing Boiler w/ On-Demand Hot Water	\$1,200	90%

*Electronic Commutated Motor

Wireless Enabled Thermostat

\$100

Programmable Thermostat

\$25

Limit 2 per account. Rebate eligible for all heating fuels (excluding Natural Gas heat) and compatible equipment as determined by the thermostat manufacturer.

Weather Responsive Controls for Oil or Propane Forced Hot Water Heating Systems

\$100

- One per heating system
- After-market add on unit attached to an oil or propane forced hot water boiler
